Benefits of Meditrina Stretch Marks Removal Lotion with Rose Oil; Rose oil has been used by many women for centuries in order to become more beautiful.

A soft, silky lotion perfect for use all over the body from the start of pregnancy.

This non-greasy lotion relieves the dryness associated with stretched skin due to pregnancy and helps improve elasticity and suppleness. Also recommended for stretch marks associated with weight fluctuations. Our **NEW Advanced Formula** contains Rose Oil, Shea Butter, Argan Oil, Almond Oil, Cocoa Butter, Vitamin E, Collagen&Elastin.

- **Rose Oil** is Anti-Aging effect and is a rich source of vitamins A & C. It helps to increase collagen production, enhances cell regeneration, tightens the skin, helps to reduce the wrinkles and acts as an antioxidant by improving the texture of the skin.Moisturizing effect on dry and chapped skin. It nourishes the skin and helps it retain moisture.
- **Shea Butter** is ideal for sensitive skin due to its naturally high vitamin content (including A, E and F). It has the ability to absorb quickly into the skin, soothing irritation and providing on-going nourishment. Shea Butter acts as a natural anti-inflammatory agent which makes it effective in addressing dry skin &irritation. The high moisture content helps diminish discoloration, wrinkles and loss of elasticity.
- **Argan Oil** is commonly referred to as "liquid gold" and has twice as much Vitamin E as olive oil. It is rich in essential fatty acids and vital antioxidants which help soften and condition skin while reducing scarring.
- **Almond Oil** is quite effective in treating stretch marks. Apart from its high Vitamin E content,Almond oil serves to moisturize the affected areas. Moreover it can be a safe option to be exercised during pregnancy. Vitamin E adds to the development of elastin and collagen content of the skin; thereby serving to ease the stretch marks.
- **Cocoa Butter** addresses skin concerns such as roughness, loss of elasticity, scars and dryness.Cocoa Butter is an all natural skin conditioning plant extract loaded with essential fatty acids. It softens and protects by diminishing water loss - keeping skin hydrated and supple.
- **Vitamin E** is contained in products. This top antioxidant enhances the protective function of skin and decreases the appearance of lines, wrinkles and scars by keeping cells hydrated.
- **A Non-Greasy,**super moisturizing, emollient extracted from the kernel of Almond seeds. Sweet Almond Oil is rich in Vitamins B1, B6, B2 and E, as well as Omega-9 and Omega-6 fatty acids. The light weight oil is easily absorbed into the skin and its antimicrobial properties help reduce the chances of scarring and markings on skin.
